Valsana Hotel & Appartements - Beautifully Simple

The brand new Valsana sits at the entrance of the village; bordering the Arosa forest, flanked by the lake (it freezes over in winter to host horse racing in January) and surrounded by beautiful panoramic views of the mountains. The architecture and interior design are an interpretation of the forest and the surrounding nature, while also using the latest technological innovations to minimise the hotel's impact on the environment (the hotel will be powered using an ice battery, no less!).

The hotel features 40 rooms and 9 family apartments (1-2 bedrooms with kitchenettes), each complete with large balconies, a restaurant with a huge sun-soaked terrace vis-a-vis the mountains and an 800 sqm spa nestling on the edge of the Arosa forest.

Location: The Valsana development is situated at the entrance to the village of Arosa, offering a superb view of the mountains. There are ski and sledge slopes leading right to the doorstep. The cableways and the railway station are just a few minutes' walk away, and there is a bus stop in front of the building.

Reopening: 7 December 2017

Owner: Tschuggen Hotel Group
